Murray's Gifting FAQs

How far in advance do I need to order?

We require orders to be confirmed with recipient information, desired gift collection or components, and payment details seven days prior to your desired shipment date. If you need gifts sooner, please contact our gifting specialists to see if we can accommodate your order in a shorter time frame.

Do you have a minimum/maximum number of gifts for placing an order?

No minimum orders here. We're happy to coordinate gifts for one to 500+ recipients! The only minimum we require is that any cut-to-order cheese is cut in minimum half-pound portions.

My company needs to send a few (dozen, hundred) corporate gifts to our business partners and clients. Can you help?

Absolutely! Just contact a corporate account specialist to get started.

Can I include a gift message or company card with my order?

We are happy to include a gift message of up to 300 characters including spaces. The gift message will appear on the packing slip that arrives with your gift.

How do you ship?

We ship nationwide! Our items arrive within 24 hours of shipping with insulation and ice packs. Cheeses are cut and wrapped for optimal freshness to allow for one to two weeks of storage in refrigeration before enjoyment.

Can I track my order?

Yes! Once your gift is out for shipment, our team will send you tracking details for each of your orders.
