# THE CLASSICS

## OF THE MONTH CLUB

### WHAT'S INSIDE

#### Bûcheron

A French classic, Bûcheron is named for its resemblance to a snow-covered log. Beneath its mold-ripened rind is a silky creamline that leads to a clay-like, bright white center. Creamy and flaky, with bright, citrusy notes.

Pair with: Pinot Noir, Wheat Beer

*Lemon / Floral / Mushroom*

#### Alp Blossom

Made in the Bavarian Alps, Alp Blossom is an exuberant expression of mountain flora. After aging, the cheese is coated in dried herbs and colorful flowers—its beefy, umami-packed interior contrasts with the sweet, herby rind.

Pair with: Wheat Beer, Sauvignon Blanc

*Bone Broth / Sweet Grass / Onions*

#### Brebirousse d'Argental

Nutty and complex, Brebirousse d'Argental is a sheep's milk cheese that will please any crowd. The annatto-tinged rind encases a creamy, spreadable paste with a grassy aroma and a subtle milky sweetness.

Pair with: Chenin Blanc, Rosé

*Nutty / Grassy / Lanolin*

#### BONUS CHEESE!

#### Fromager d'Affinois

A little something extra for you this month! Luscious and buttery, Fromager d'Affinois is like a more decadent version of brie. It's one of Murray's top ten best sellers, with its silky texture and sweet, milky flavor.

Pair with: Sparkling Wine, Farmhouse Ale

*Fresh Butter / Sweet / Silky*
